THE BEST CHOICE FOR REEFER REPAIR ADHESIVE

Designed specifically for reefer trailer repair, Tensorgrip® remains the industry leader with the strongest adhesives on the market.

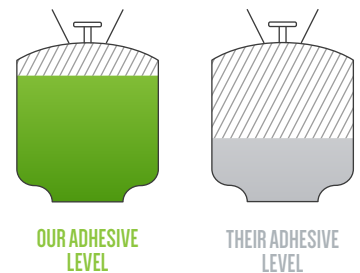

✓ 62% STRONGER

Our reefer repair adhesives are 62% stronger than similar products, engineered to withstand the rigorous demands of over the road trailer movement and flexing.

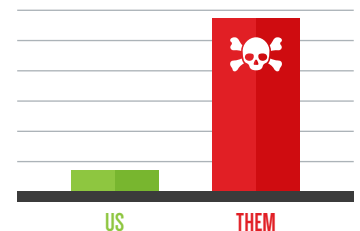

✓ MORE COVERAGE PER POUND

Through CO-REZ Technology and a powerful formula, our canisters weigh 4 lbs less than the competition but cover more area per pound.

✓ LOW VOCs

Tensorgrip® EP0-CA and EP0-CAL both meet California's VOC standards at 75 g/L while the competition contains more than 7x the limit.

Tensorgrip® is a product of Quin Global, a leading manufacturer of adhesives. Our products are sold globally through a network of national and independent distributors.
