**Tensorgrip**<sup>®</sup>  
Adhesives That Outperform

## WHAT IS TENSORGRIP®?

As far as spray adhesives are concerned, no other product can compare to the strength, tenacity and reliability of **TensorGrip®**. Available in canisters as well as aerosols, **TensorGrip's** innovative formula breaks down barriers presented by traditional bonding methods with effortless ease.

Our adhesive systems eliminate the need to use traditional methods of bonding, that are messy, wasteful and time-consuming. Because **TensorGrip®** is a spray adhesive you are completely in control of how much glue is used, resulting in an even spray pattern the way you want it without the fuss and inconsistency that comes with using hand-applied adhesive.

Our revolutionary adhesive formulas have been proven to almost completely remove the time spent waiting for glue to tack; where traditionally you would be waiting for 25 minutes, **TensorGrip®** can tack off in as little as **ONE MINUTE!**

Not only will **TensorGrip®** speed up your workflow and drastically reduce production time, it is guaranteed to transform the way in which materials are bonded together with noticeably superior results!

# OUR OIL & GAS ADHESIVE RANGE

## WHAT SIZES OF TENSORGRIP® ARE AVAILABLE?

### Aerosol

Volume: 500ml

This convenient 500ml aerosol is perfect for small applications or for less-frequent users. Small but sticks all the same!

### Canister

Volume: 13L/22L

Our most popular adhesive container; comes equipped with a gun and hose system for fast and accurate dispersal. A long-lasting and cost-effective solution available in a 13 or 22 litre canister.

### Intermediate

Volume: 110L

The largest in our range, suitable mostly for use in large-scale production environments.

## THE NEW TENSOR LABELLING SYSTEM

Choosing the product that is right for the job should never have to be difficult, so Tensor has developed a new labelling system to help make your choosing of the correct adhesive as quick and easy as possible! Each of our aerosol, canister and intermediate labels have been colour coded to correspond to specific markets and also feature icons that denote the specific application or type of use. The following icons show the main areas of application that suit the **OIL & GAS** range:

Ductwork

Pipework

Insulation

## OUR OIL & GAS ADHESIVE RANGE

# 070

## Containment Wrap Spray Adhesive

TensorGrip® O70 is a highly engineered adhesive based on industry proven block resin technology. The resilience of this technology provides ultra-high performance and resilience when bonding sheets of scaffold containment wrap. This is particularly suitable OFFSHORE as it removes the need to use hot works to melt the shrink wrap to itself to the structure that is being contained. TensorGrip® O70 is non-MECL (no methylene chloride solvent) blend making this a safer and viable product to be used offshore.

### Advantages:

- Fast Drying.
- Good Heat Resistance.
- Very High Solids.
- Non-Chlorinated Adhesive.

### Substrates:

# 080

## Fabric Maintenance Spray Adhesive

TensorGrip® O80 is a highly engineered adhesive based on industry proven urethane technology. The resilience of this technology provides ultra-high temperature resistance up to 155°C and resists against plasticiser migration, these being the two main causes of delamination in the Oil & Gas industry.

### Advantages:

- 100% resistant to delamination caused by plasticiser migration.
- Ultra high temperature resistance – up to 155°C.
- Good green strength.
- Consistent web spray pattern
- Creates a structural type bond line formaldehyde resins.
- OTC Compliant.

## OUR ADHESIVE CLEANER RANGE

# C101

## Citrus Adhesive Cleaner

TensorGrip® C101 Citrus Cleaner is a biodegradable, citrus solvent cleaner, degreaser and adhesive remover. It can be used safely on most surfaces and substrates, including painted surfaces, glass, porcelain, concrete, and is compatible with many plastics and vinyls.

### Advantages:

- Biodegradable.
- Compatible with most plastics.
- Citrus scent.
- Increased productivity.
- Minimises waste.
- Minimises equipment set-up & clean-up.
- Completely portable.

# S105

## Acetone Cleaner

TensorGrip® S105 Acetone Cleaner is a solvent cleaner, hose flush and has been specifically designed for use with TensorGrip® PU canister products as a Hose & Spray Gun Flushing System. It can be used safely on most canister spray equipment and is a strong solvent (will not remove dried/ cured PU products). This product can be used safely on most surfaces and substrates including painted surfaces, glass, porcelain, concrete, and is compatible with many plastics and vinyls.

### Advantages:

- Efficient clean-up & maintenance.
- Compatible with most adhesives.
- Compatible with most plastics.

# Sticky<sup>®</sup> points

THE ADHESIVE LOYALTY SCHEME

## Receive **FREE** Tensor<sup>®</sup> products when you sign up to the **Sticky Points Loyalty Programme!**

Register for free and start earning **Sticky Points<sup>®</sup>** straight away! Simply buy **Tensor<sup>®</sup>** products from your usual distributor and enter your unique code online to earn **Sticky Points<sup>®</sup>**. These points can be exchanged for a range of **Tensor<sup>®</sup>** products, such as a 22L canister, a roller or spray gun, or even a football! Better still, we'll send your reward to you **FREE OF CHARGE!**

Why not check the canister you are currently using for a **Sticky Points<sup>®</sup>** label?

### HERE'S HOW IT WORKS

1. Register your details
2. Find the code on your **Tensor<sup>®</sup>** product
3. Access your account
4. Enter your code
5. Watch your points balance grow
6. Redeem!

When you have collected enough points, **REDEEM** those points for your favourite product and we'll send it to you **FREE OF CHARGE!**

Scan here and register  
to start collecting  
**Sticky Points** now!
