# NON-FLAM

HI-TEMP CONTACT ADHESIVE

## LION NON-FLAM

HIGH-TEMP CONTACT ADHESIVE

Avoid shop fires with the Zero-Flam™ Technology of TensorGrip® LION. You don't have to settle for the sub-standard quality and long dry times of waterbased adhesives. Instead, strive for outperformance with the strength and quality of Tensor™.

LION is also GREENGUARD Gold Certified, with low VOC emissions.

TensorGrip® LION is your work horse, working long and hard to please you whenever you're doing standard laminate and general bonding. The finished product will be excellent – built to last, and safer for the consumer's lifelong health with GREENGUARD.

### TensorGrip® LION Advantages:

- Non-flammable
- GREENGUARD Gold Certified
- VOC free
- Excellent high coverage
- 80% of final strength immediately
- Full strength in 24 hours
- High tack
- Fast drying with long open time
- Good heat resistance (up to 220°F)

### TensorGrip® Canister System:

- Fast application time
- Airless system
- 100% adhesive transfer
- No mess
- Virtually maintenance free system
- No compressor or external power
- Greater profitability & labor savings over traditional bulk contact adhesives
