

TensorGrip

SUCCESS.

3 PERFECT PRODUCTS

OVERVIEW

TensorGrip® is a brand with a purpose. And that purpose is making your job easier.

Begin with three of our outstanding products. Designed specifically for the major applications of the Aerospace industry, you'll have the products and the power to succeed.

SIMPLE LABELING

With TensorGrip®, you won't need to read the fine print on labels again. At a glance, any person — no matter what the language or literacy — will be able to identify the product and what it's for.

Relax. And prepare to outperform!

3 PERFECT PRODUCTS

Tensorgrip[®]
Adhesives That Outperform

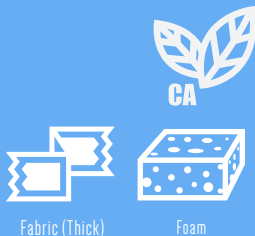

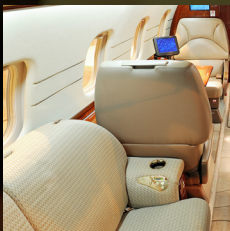

3 PERFECT PRODUCTS

A30 SEAT FOAM & FABRIC CONTACT ADHESIVE

SUCCESS: Seat Foam and Heavy Fabric bonded for life.

TensorGrip® A30 is tough and ready for the wear and tear that commercial and private airplane seats undergo. TensorGrip® A30 is up to the challenge of permanently bonding foam and fabric; preserving the prestigious look of seating for a lifetime.

Plus: SCAQMD rule 1168 compliant

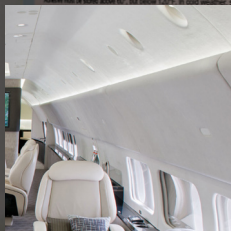

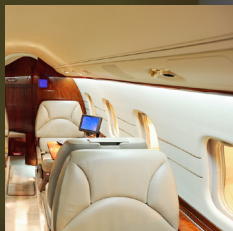

A40N THIN FABRIC SPRAY ADHESIVE

SUCCESS: The perfect solution to bonding ultra-leather and thin fabrics.

Whether it's seating, wall coverings or headliners, it's crucial that there is no telegraphing or bleed-through on those fine, high-quality materials. This includes synthetic leathers (like Ultra-leather) and fine fabrics (like silk). Delight your customers with the flawless finish and enduring bond of TensorGrip A40N.

Plus: 100% Non-Flammable

Fabric (Thin)

Synthetic Leather

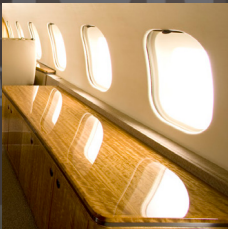

A50 THIN GLOSS LAMINATE SPRAY ADHESIVE

SUCCESS: Shockingly smooth finish on the glossiest laminates.

Perfect reflection. You can't afford to flaw the luster of the elegant high-gloss laminates so often used in luxury aircraft. TensorGrip A50 is there for you, enabling you to easily eliminate imperfections in the finished product. Impeccable finish. Satisfaction all around.

Plus: SCAQMD rule 1168 compliant
