## OVERVIEW

TensorGrip® is a brand with a purpose. And that purpose is making your job easier.

Begin with three of our outstanding products. Designed specifically for the major tasks of the woodworking and laminate market, you'll have the products and the power to succeed.

## SIMPLE LABELING

With TensorGrip®, you won't need to read the fine print on labels again. At a glance, any person — no matter what the language or literacy — will be able to identify the product and what it's for.

Relax. And prepare to outperform!

# L12

## THE ULTIMATE WEB SPRAY CONTACT ADHESIVE

**Call it tough.** TensorGrip® L12 is made for the job. Designed to instantly grab a permanent hold even in situations where there's a lot of tension on the adhesive.

L12 does its best work on curved surfaces (bender board/flexible plywood) and the wood buildups used under solid surface counter tops.

## ULTRA LOW PROFILE CONTACT ADHESIVE

**Absolutely flawless.** When your client asks for shiny, beautiful laminate; they don't want something that has that rippled, bumpy look. TensorGrip® L64 shines in flat applications and keeping your best work looking great. Postformable? Check. Got you covered.
