

## TensorGrip EPO and EPO-CA Reefer Repair Adhesives Moves to Quin Global

### CHEAT SHEET

**1. When will TensorGrip® EPO and EPO-CA Reefer Repair Adhesives move under the Quin Global line of products?**

TensorGrip® EPO and EPO-CA Reefer Repair Adhesive Systems will officially transition to be an exclusive Quin Global product on January 1, 2017. Our Applichem Inc. consultants will join the Quin Global team ensuring a seamless transition. They will continue to assist customers with the same great products that they have come to rely on.

**2. How will the TensorGrip® EPO and EPO-CA Reefer Repair Adhesives transition to become a Quin Global product impact customers?**

The transition will not impact customers at all. What customers will notice is that all communications and documentation, such as invoicing and payments will have the Quin Global logo, address, and contact number. All references to Applichem Inc. will be removed from all documentation.

**3. Why is a change occurring with TensorGrip® EPO and EPO-CA Reefer Repair Adhesives?**

Applichem Inc. is a distributor of TensorGrip® EPO and EPO-CA and Quin Global has been the manufacturer of this product since its inception. Because of their shared commitment to providing TensorGrip® Adhesives to a variety of industries, it will be even easier to receive TensorGrip® EPO and EPO-CA by taking advantage of distribution through Quin Global. Additionally, customers will receive even better support.

**4. Who should customers contact for any questions?**

Customers should reach out to their Applichem Inc. Adhesive Consultant that they have always worked with – whether it is for new purchases or additional information. Additionally, customers can contact Quin Global directly at 402.731.3636 or [info.us@quin-global.com](mailto:info.us@quin-global.com).

**5. Where can I find out more information about TensorGrip® EPO and EPO-CA Reefer Repair Adhesive Systems?**

Customers can call their current Adhesive Consultant and they can always reach out to Applichem Inc. at 402.731.9300 or [gluehead@applicheminc.com](mailto:gluehead@applicheminc.com); or, contact the experts at Quin Global at 402.731.3636 or [info.us@quin-global.com](mailto:info.us@quin-global.com). Additionally, check out information, education, and video tutorials at [TensorGlobal.com](http://TensorGlobal.com).

**6. Who is Quin Global?**

Quin Global manufactures a variety of industrial strength canister spray adhesives. We provide branded products with our TensorGrip® pressurized canister adhesive system in the lead, Tensor is continually innovating and responding to the needs and desires of industrial adhesive users worldwide.

**7. Who is Applichem Inc?**

Since 1979 when our business began by selling aerosol paints, service, and custom solutions have been a main strength. Years of evolving markets and technologies have transformed Applichem into a company of adhesive experts who know glue, which included TensorGrip® Reefer Repair Adhesives.
