## WHAT IS TENSORGRIP?

---

As far as spray adhesives are concerned, no other product can compare to the strength, tenacity and reliability of TensorGrip®. Available in canisters and aerosols, TensorGrip's innovative formula breaks down barriers presented by traditional bonding methods with ease.

Our adhesive systems eliminate the need to use traditional methods of bonding, that are messy, wasteful and time-consuming. Because TensorGrip® is a spray adhesive you are completely in control of how much glue is used, resulting in an even spray pattern the way you want it without the fuss and inconsistency that comes with using hand-applied adhesive.

Our revolutionary adhesive formulas have been proven to almost completely remove the time spent waiting for glue to tack; where traditionally you would be waiting for 25 minutes, TensorGrip® can tack off in as little as ONE MINUTE!

Not only will TensorGrip® speed up your workflow and drastically reduce production time, it is guaranteed to transform the way in which materials are bonded together with consistently superior results!.

## AVAILABLE CONTAINERS

---

### 500ml AEROSOL

This convenient 500ml aerosol is perfect for small applications or for less-frequent users. Small in size but BIG on performance!

### 22 LTR CANISTER

Our most popular adhesive size; comes equipped with a gun and hose system, on your first purchase, for fast, accurate application. A long-lasting and cost-effective solution available in a 22 litre canister.

### 220 LTR Jumbo

The largest in our range, suitable mostly for use in large-scale production environments. Can service two production lines simultaneously.

For availability and price, please refer to our pricing checklist or contact a member of our customer services team for further information.

## OUR CONSTRUCTION ADHESIVE RANGE

Choosing the product that is right for the job should never have to be a hassle, so we at Tensor have developed a new labelling system to help make your choosing of the correct adhesives as quick and easy as possible!

Each of our aerosol, canister and jumbo labels have been colour coded to fit specifically into the market for which they apply to. Importantly, every label now features icons that depict which applications the adhesive is best suited for.

The following applications are carried out efficiently and effectively within our construction range.

### RECOMMENDED USE

Wall Panels

Insulation

Elevator Doors

# X40

## ACOUSTIC PANEL SPRAY ADHESIVE

TensorGrip® X40 is developed in conjunction with the acoustic industry for all acoustic panel bonding applications. Tensor Grip X40 is a fast drying contact adhesive, suitable for all types of acoustic panel installation and applications including in-house and on-site bonding processes.

### SUBSTRATES

Insulation

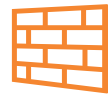

MDF

Concrete

Drywall

Brick

### PROPERTIES

Web spray

### ADVANTAGES

- Non-Flammable adhesive
- Low VOC
- High coverage of up to 230m<sup>2</sup>
- Fast drying 3-4 mins with excellent initial green strength bond
- Full strength achieved in 24 hours, high strength long-term bond
- High heat resistance (105°C)
- Low odour
- Low atomisation, limiting overspray
- Adjustable spray patterns

# WE WILL SET YOU UP WITH **TENSORGRIP®** FOR **FREE!** USING OUR KICK OFF KIT!

Using TensorGrip® is more than simply using an adhesive canister; it is having everything that you need to create that unbeatable bond as simply as possible.

Inside this box lies the key to reaching the optimum performance of TensorGrip®, bringing your work to new heights of quality and efficiency, all while incurring absolutely no additional cost to your first canister purchase.

We are proud to introduce the TensorGrip® Kick Off Kit. This unique package comes with all of the essential tools for bonding, including a Professional Spray Gun, Hose, Tip, Roller and a Tensor-branded Ball. Everything to ensure that you are getting the very best out of our adhesives!

# X40N

## NON-FLAM ACOUSTIC PANEL SPRAY ADHESIVE

### SUBSTRATES

Insulation

MDF

Concrete

Drywall

Brick

### PROPERTIES

Web spray

Zero-Flam

### ADVANTAGES

- Total Non-Flammable formula
- Low VOC
- High coverage of up to 230m2
- Fast drying 3-4 mins with excellent initial green strength bond
- Full strength achieved in 24 hours, high strength long-term bond

TensorGrip® X40N is developed in conjunction with the acoustic industry for all acoustic panel bonding applications. TensorGrip® X40N is a total non-flam, fast drying contact adhesive, suitable for all types of acoustic panel installation and applications including in-house and on-site bonding processes.

# C11

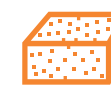

## PERFORMANCE PANEL ADHESIVE

### SUBSTRATES

FRP/GRP

Polystyrene

### PROPERTIES

Web spray

### ADVANTAGES

- High solids
- High temperature resistance
- Designed for bonding exterior grade substances (FRP/GRP) to foam many other substances
- Versatile - polystyrene and EPS compatible

For an extra high performance and panel bonding adhesive formulated specifically to bond insulated panel materials to GRP and plywood (as well as EPS and polystyrene), the TensorGrip® C11 is your best bet. This fast-drying formula has fantastic high coverage designed for bonding exterior grade substrates to insulated foam.

# C12

## HI-BUILD, HI-TACK SPRAY ADHESIVE

### SUBSTRATES

Polystyrene

Concrete

### PROPERTIES

Web spray

### ADVANTAGES

- High Solids
- Cost Effective, High Coverage Rate
- Totally Portable
- Fast Tack, Temporary or Permanent Bond
- No Chlorinated Solvents
- High Build Spray Pattern

TensorGrip® C12 is a premium super tacky web spray adhesive. The unique, highly pressure sensitive properties make this material a market leader when it comes to bonding polystyrene and cement based underfloor heating panel materials. The C12 can be applied to the floor substrate; allow for 1-2 minute tack off and simply lay your underfloor core boards into the adhesive. The unique high build properties of the C12 give maximum contact area where there are imperfections on the floor substrate.

# C40

## HI TACK PRIMER ADHESIVE

### SUBSTRATES

FRP/GRP

Polystyrene

Aluminium & metal sheeting

### PROPERTIES

Web spray

### ADVANTAGES

- High solids
- High tack
- High coverage
- Fast drying formula
- No cleaning
- No mess
- Polystyrene and EPS compatible

TensorGrip® C40 is a super high tack primer/adhesive, designed to create a super tacky primed surface, to allow better adhesion for D/S and butyl tapes. This formulation has super aggressive tack onto difficult surfaces which would normally have issues when priming, this material also has the ability to prime polystyrene surfaces without cavitating the material.

Can also be used as a one way stick for plastic sheeting and DPC materials, bonding to concrete, brick work and metals.

# C101

## CITRUS ADHESIVE CLEANER

TensorGrip® C101 Citrus Cleaner is a biodegradable, citrus solvent cleaner, degreaser and adhesive remover. It can be used safely on most surfaces and substrates, including painted surfaces, glass, porcelain, concrete, and is compatible with many plastics and vinyls.

### ADVANTAGES

- Biodegradable
- Compatible with most plastics.
- Citrus scent.
- Increased productivity
- Minimises waste.
- Minimises equipment set-up & clean-up.
- Completely portable.

# S105

## ACETONE CLEANER

TensorGrip® S105 Acetone Cleaner is a solvent cleaner, hose flush and has been specifically designed for use with TensorGrip® PU canister products as a Hose & Spray Gun Flushing System. It can be used safely on most canister spray equipment and is a strong solvent (will not remove dried/cured PU products). This product can be used safely on most substrates including painted surfaces, glass, porcelain, concrete, and some plastics and vinyls.

### ADVANTAGES

- Efficient clean-up & maintenance.
- Compatible with most adhesives.
- Compatible with some plastics.

## RECEIVE **FREE** TENSOR PRODUCTS WHEN YOU SIGN UP TO THE **STICKY POINTS** LOYALTY PROGRAM!

Register for free and start earning **Sticky Points**® straight away!

Simply buy Tensor® products from your preferred distributor and enter your unique code online to earn Sticky Points®. These points can be exchanged for a range of Tensor® products and other gifts, such as a 22L canister, a roller or spray gun, or even a Pizza Oven! Better still, we'll send your reward to you **FREE OF CHARGE!** Why not check the canister you are currently using for a Sticky Points® label?

### HERE'S HOW IT WORKS

1. Register your details
2. Find the code on your Tensor® product
3. Access your account
4. Enter your code
5. Watch your points balance grow
6. Redeem!

When you have collected enough points, **REDEEM** those points for your favourite product and we'll send it to you **FREE OF CHARGE!**

**Scan here and register to start collecting your StickyPoints now!**
