WHAT IS TENSORGRIP?

As far as spray adhesives are concerned, no other product can compare to the strength, tenacity and reliability of TensorGrip®. Available in canisters and aerosols, TensorGrip's innovative formula breaks down barriers presented by traditional bonding methods with ease.

Our adhesive systems eliminate the need to use traditional methods of bonding, that are messy, wasteful and time-consuming. Because TensorGrip® is a spray adhesive you are completely in control of how much glue is used, resulting in an even spray pattern the way you want it without the fuss and inconsistency that comes with using hand-applied adhesive.

Our revolutionary adhesive formulas have been proven to almost completely remove the time spent waiting for glue to tack; where traditionally you would be waiting for 25 minutes, TensorGrip® can tack off in as little as ONE MINUTE!

Not only will TensorGrip® speed up your workflow and drastically reduce production time, it is guaranteed to transform the way in which materials are bonded together with consistently superior results!.

AVAILABLE CONTAINERS

500ml AEROSOL

This convenient 500ml aerosol is perfect for small applications or for less-frequent users. Small in size but BIG on performance!

22 LTR CANISTER

Our most popular adhesive size; comes equipped with a gun and hose system, on your first purchase, for fast, accurate application. A long-lasting and cost-effective solution available in a 22 litre canister.

220 LTR Jumbo

The largest in our range, suitable mostly for use in large-scale production environments. Can service two production lines simultaneously.

For availability and price, please refer to our pricing checklist or contact a member of our customer services team for further information.

OUR TRANSPORTATION ADHESIVE RANGE

Choosing the product that is right for the job should never have to be a hassle, so we at Tensor have developed a new labelling system to help make your choosing of the correct adhesives as quick and easy as possible!

Each of our aerosol, canister and jumbo labels have been colour coded to fit specifically into the market for which they apply to. Importantly, every label now features icons that depict which applications the adhesive is best suited for.

The following applications are carried out efficiently and effectively within our transportation range.

RECOMMENDED USE

Refrigerated Trailer

Seating

Walls

Ceilings/Headliners

T30

PLASTICISER RESISTANT VINYL FLOOR ADHESIVE

TensorGrip® T30 is a revolutionary, high performance plasticiser resistant adhesive, specially formulated to bond all commonly used substrates found within the Automotive industry i.e. vinyl, rubber, leathers and plastics.

For use in high demanding areas of the automotive and caravan industry, where delamination of vinyl and interior fabrics is an industry wide issue.

SUBSTRATES

Aluminium & metal sheeting

Carpet

Rubber

Synthetic Leather

PROPERTIES

Web spray

Liquid Resistant

ADVANTAGES

- 100% resistant to delamination caused by plasticiser migration
- High temperature resistance – up to 160°C
- Very Good Green Strength
- Fast tack time
- Very high solids
- Super smooth web spray
- Will bond many fabrics to difficult substrates

T40

AGGRESSIVE TACK SPRAY ADHESIVE

TensorGrip® T40 is a highly aggressive adhesive for all demanding foam, fabric upholstery and carpet applications. Tensorgrip T40 is a non-chlorinated high solids synthetic rubber spray grade multipurpose adhesive. It is designed for versatility with a long open time and high tack level with excellent strength for bonding a wide variety of substrates in the auto trimming industry.

SUBSTRATES

Thick Fabric

Thin Fabric

Foam

Polystyrene

PROPERTIES

Web spray

ADVANTAGES

- HAPs free.
- Extremely high tack.
- Excellent room temperature contact bonds.
- Excellent green strength and good heat resistance
- Fast drying with long open time

T51

HIGH TEMP RE-TRIMMING SPRAY ADHESIVE

TensorGrip® T51 is a high quality industrial grade high-tack adhesive and is suitable for all trimming applications associated with vehicle conversion and re-trimming. The airless spray delivery system creates minimal overspray and virtually no airborne misting, making TensorGrip® T51 ideal for applying in overhead, vertical and horizontal operations.

TensorGrip® T51 provides excellent results in combination with fabrics, leathers, carpeting, linoleum, HPL, foam, GRP, plastics and many other typical vehicle interior finishes.

TensorGrip® T51 is not recommended for use with plasticised vinyls

TensorGrip® T51 has good grab and green strength and cured bonds have good temperature resistance to over 106°C, ideal for most normal environments.

SUBSTRATES

Thick Fabric

Fabric

Synthetic
Leather

PROPERTIES

Web spray

ADVANTAGES

- Fast, high tack
- Excellent room temperature contact bonds
- Excellent green strength and high heat resistance
- Fast drying with good open time
- Excellent bond adhesion for fabrics, leather, carpet and foam to metal, hard plastic, plywood, etc.
- Airless spray

WE WILL SET YOU UP WITH **TENSORGRIP®** FOR **FREE!** USING OUR KICK OFF KIT!

Using TensorGrip® is more than simply using an adhesive canister; it is having everything that you need to create that unbeatable bond as simply as possible.

Inside this box lies the key to reaching the optimum performance of TensorGrip®, bringing your work to new heights of quality and efficiency, all while incurring absolutely no additional cost to your first canister purchase.

We are proud to introduce the TensorGrip® Kick Off Kit. This unique package comes with all of the essential tools for bonding, including a Professional Spray Gun, Hose, Tip, Roller and a Tensor-branded Ball. Everything to ensure that you are getting the very best out of our adhesives!

T53

CA COMPLIANT RE-TRIMMING SPRAY ADHESIVE

TensorGrip® T53 is a high quality California Compliant, non-chlorinated, high-tack adhesive. The hard nature of the final cure produces a very stable adhesion on troublesome substrates with a heat resistance of up to 118°C.

SUBSTRATES

Thick Fabric

Carpet

Rubber

PROPERTIES

Web spray

California
Compliant

ADVANTAGES

- Fast, high tack
- Excellent rubber bonding properties
- Heat resistant up to 118°C
- Fast drying with good open time

T54

HI-TACK RE-TRIMMING SPRAY ADHESIVE

TensorGrip® T54 is a high quality industrial grade adhesive perfectly suited to carpet and thick fabric bonding. Its super-high tack makes it ideal for applying in overhead and vertical operations.

SUBSTRATES

Thick Fabric

Carpet

Wood Build-ups

Plywood

PROPERTIES

Web spray

ADVANTAGES

- Super-high tack
- Excellent rubber bonding properties
- Heat resistant up to 105°C
- Fast drying with good open time

C101

CITRUS ADHESIVE CLEANER

TensorGrip® C101 Citrus Cleaner is a biodegradable, citrus solvent cleaner, degreaser and adhesive remover. It can be used safely on most surfaces and substrates, including painted surfaces, glass, porcelain, concrete, and is compatible with many plastics and vinyls.

ADVANTAGES

- Biodegradable
- Compatible with most plastics.
- Citrus scent.
- Increased productivity
- Minimises waste.
- Minimises equipment set-up & clean-up.
- Completely portable.

S105

ACETONE CLEANER

TensorGrip® S105 Acetone Cleaner is a solvent cleaner, hose flush and has been specifically designed for use with TensorGrip® PU canister products as a Hose & Spray Gun Flushing System. It can be used safely on most canister spray equipment and is a strong solvent (will not remove dried/cured PU products). This product can be used safely on most substrates including painted surfaces, glass, porcelain, concrete, and some plastics and vinyls.

ADVANTAGES

- Efficient clean-up & maintenance.
- Compatible with most adhesives.
- Compatible with some plastics.

RECEIVE **FREE** TENSOR PRODUCTS WHEN YOU SIGN UP TO THE **STICKY POINTS** LOYALTY PROGRAM!

Register for free and start earning **Sticky Points®** straight away!

Simply buy Tensor® products from your preferred distributor and enter your unique code online to earn Sticky Points®. These points can be exchanged for a range of Tensor® products and other gifts, such as a 22L canister, a roller or spray gun, or even a Pizza Oven! Better still, we'll send your reward to you **FREE OF CHARGE!** Why not check the canister you are currently using for a Sticky Points® label?

HERE'S HOW IT WORKS

1. Register your details
2. Find the code on your Tensor® product
3. Access your account
4. Enter your code
5. Watch your points balance grow
6. Redeem!

When you have collected enough points, **REDEEM** those points for your favourite product and we'll send it to you **FREE OF CHARGE!**

Scan here and register to start collecting your StickyPoints now!
