# C101

## CITRUS ADHESIVE CLEANER

TensorGrip® C101 Citrus Cleaner is a biodegradable, citrus solvent cleaner, degreaser and adhesive remover. It can be used safely on most surfaces and substrates, including painted surfaces, glass, porcelain, concrete, and is compatible with many plastics and vinyls.

### ADVANTAGES

- Biodegradable.
- Compatible with Most Plastics.
- Citrus Scent.
- Increased Productivity.
- Fast Application.
- Minimises Waste.

CHEMICAL TECHNICAL DATA

Storage	Not damaged by freezing. Return to room temperature prior to use.
Odour	Citrus
Colour	Clear
System Flammability	Flammable propellant
Specific Gravity	.72 to .76 gms/cc (6.0 to 6.4 lbs/gal)
Solubility in Water	Negligible
Solvent	d-limonene
Shelf Life	18 months from date of manufacture

CANISTER STORAGE/CHANGE OVER

Turn valve on canister into the off position, spray out remaining cleaner left in the hose, disconnect the spray hose and gun from the canister. Reconnect the spray hose to your new cleaner canister tightening the hose connection firmly, open the canister valve and spray for a few seconds to release the air in the hose to allow the cleaner to spray correctly. If you choose to leave the hose and spray gun on the canister, leave the valve on the canister open by turning the adjustment wheel clockwise. Close and lock the spray gun.

HANDLING & STORAGE

- Consult Safety Data Sheet prior to use.
- DO NOT store at temperatures over 50°C.
- Avoid exposure to direct sunlight.
- DO NOT store directly on concrete floor.
- For optimum performance, store at 18°C during use, but must always be above 10°C.
- When connected, keep valve open and hose pressurised at all times.
- DO NOT close valve until ready to connect to new cylinder.
- Release pressure in hose before disconnection.
- Always test product to determine suitability for your particular application prior to use in production.

DIRECTIONS FOR USE

1. Spray approximately 6-8" from surface.
2. Allow cleaner to remain on surface for a few seconds then using a clean cloth, wipe off adhesive and/or soil. Wipe thoroughly to obtain a residue free clean surface.
3. Wipe thoroughly to obtain a residue free clean surface.
4. Use with adequate ventilation.
