

Tensorgrip®

X101

CITRUS ADHESIVE CLEANER

TensorGrip® X101 Citrus Cleaner is a biodegradable, citrus solvent cleaner, degreaser and adhesive remover. It can be used safely on most surfaces and substrates, including Acoustic fabrics, felts, painted surfaces, glass, porcelain, concrete, and is compatible with many plastics and vinyls.

ADVANTAGES

- Fast application.
- Minimises waste.
- Biodegradable.
- Compatible with most plastics.

TECH DATA

COLOUR:

Clear

ODOUR:

Citrus

PACKAGING:

Aerosol
(500ml)

OPEN TIME**:

Long

CHEMICAL TECHNICAL DATA:

Storage	Not damaged by freezing. Return to room temperature prior to use.
Odour	Citrus
Colour	Clear
System Flammability	Flammable solvent in flammable propellant
Specific Gravity	.72 to .76 gms/cc (6.0 to 6.4 lbs/gal)
Solubility in Water	Negligible
Solvent	d-limonene
Dry time	Long
SHELF LIFE	18 months from date of manufacture

*consult the Spray Manual for a more detailed tutorial on the bonding process.

**depending on ambient temperature.

HANDLING & STORAGE

- Consult Material Safety Data Sheet prior to use.
- Do Not store at temperatures over 50°C.
- Avoid exposure to direct sunlight.
- Do Not store directly on concrete floor.
- For optimum performance, store at 18°C during use, but must always be above 10°C.
- Always test product to determine suitability for your particular application prior to use in production.

DIRECTIONS FOR USE

- For best results, the temperature of the adhesive and the surfaces being bonded should be between 60 °F - 80 °F (16 °C - 27 °C).
 - Prior to use, check compatibility by spraying a small test patch of the adhesive on the substrate. This product may degrade some substrates.
1. **SHAKE WELL BEFORE USE.** Prior to use, check compatibility by spraying a small test patch of the adhesive on the substrate. This product may degrade some substrates.
 2. Spray approximately 6-8" from surface. Allow cleaner to remain on surface for a few seconds then using a clean cloth, wipe off adhesive and/or soil. Wipe thoroughly to obtain a residue free clean surface.
 3. For very obstinate adhesive and soil, allow cleaner to come in contact with adhesive/soil for longer time before wiping, or you may need to apply successive applications. Use with adequate ventilation.
