

OUR  
**REEFER REPAIR**  
ADHESIVE RANGE

**Tensorgrip®**

# 3 REASONS YOU NEED **TENSORGRIP® REEFER REPAIR** ADHESIVE

## EASY TO USE

**Tensorgrip® Adhesive** is made to simplify your job. Just 3 steps and a total of approximately 45 minutes per full wall. Only a few minutes of quick briefing on how it's done. Yep, it's that easy.

## MORE JOBS THROUGH

See your profits rise! With such a short turnaround time, you can push more jobs through your shop. Get more done in a day.

## SUCCESSFUL

There's a reason trailer manufacturers recommend this glue.

**Tensorgrip® Adhesive** has been proven to be stronger than the original factory bond, you won't need to worry about liners coming loose. Here's to happy customers.

# I. SPRAY

After attaching the gun and hose to the canister, simply spray the wall foam & interior liner (e.g. Kemlite, Polar X, PunctureGuard, Versitex) with **Tensorgrip® Adhesive**.

That quick. That easy. Even a new hire could get it right.

# 2. POSITION

When the adhesive is dry to the touch, you'll need between 3 and 10 people to work as a team and get the liner on the wall.

The liner is not going to fall on you when you're putting it on the wall! Once it's on, it isn't going anywhere.

No wasted time bracing the wall up and waiting for glue to cure.

# 3. ROLL

Get the maximum strength out of the repair with the EP0 Roller. Just push hard & roll the entire repaired wall. This is what makes the repair so strong & successful.

By now you'll know whether this makes sense for you. Let's make it work in your shop!

Get in touch with an adhesive expert to work out the details:

# EPO-CAL

## Low Odor, Low VOC Reefer Repair Adhesive

Tensorgrip® EPO-CAL is a reefer liner repair system eliminates blocking and bracing and reduces cure time to 5 minutes so you can increase your profits and keep your customers coming back! Now you can successfully repair a full refrigerated trailer wall in 45 minutes rather than the standard 24 hours. Formulated with CO-REZ Technology, which is an exceptional formulation incorporating a highly engineered resin and gas matrix. The result: Greater Coverage from Less Canister Weight.

### Advantages:

- Pleasant, mild odor
- Compliant with California VOC laws
- Fast dry with excellent initial bond
- Aggressive: high-strength, permanent bond
- 80% of final strength achieved immediately
- Full strength achieved in 24 hours
- Low VOC version of Tensorgrip EP0
- Fast coverage of large areas

### Application Tools:

- Hoses: M130
- Application Gun: M125
- Recommended Tip: 11002B
- Roller: EP0R

# S101

## Citrus Adhesive Cleaner

**Tensorgrip® S101** is the king of cleaners. Unlike most solvent cleaners, S101 is safe for most surfaces, yet powerful enough to remove adhesives and other tough substances. **Tensorgrip® S101** is packaged in aerosol cans and pressurized canisters to eliminate the mess and worry of liquid solvents and for ease of purging canister adhesive application equipment (guns and hoses).

### Advantages:

- Cleans hoses, spray guns and other adhesive equipment
- Exceptional cleaning/degreasing power
- Pleasant citrus scent
- Safer than most comparable cleaners
- Compatible with most plastics

### Application Tools:

- Hoses: M120
- Application Gun: M130
- Recommended Tip: M201

# S101 USES

## RESIDUE/OVERSPRAY REMOVAL

**Tensorgrip® S101** has been specifically formulated to remove the toughest substances – namely, the overspray of **Tensorgrip®** adhesives! It's easy to use – just spray on, let it sit, and wipe it away. Easy. Clean. You'll want to always keep this useful aerosol on hand.

Available globally in multiple sizes for many different uses.

## EQUIPMENT PURGING

Everyone wants to save money, right? One simple way to do just that is to preserve your equipment.

Keep it clean – purge your guns and hoses with **Tensorgrip® S101** whenever they start to get gummed up, or if they'll be sitting unattached to a canister for a while.

It's as easy as hooking up the gun to the hose and the hose to the canister of **Tensorgrip® S101**; then turning on the valve and letting the cleaner pour through for approximately 45 seconds. Good as new!

TOOLS

# MI20

## Adjustable Spray Gun

Heavy duty, built to last through steady industrial use. This is your go-to spray gun, compatible with all of our spray tips and suitable for every industry.

# MI25

## Wand Spray Gun

The fastest, easiest application of canister spray adhesives ever! Extend your reach, save your back and cut down on application time with a wide fan web spray. Suitable for most web spray products. Best for applications where bending over or reaching is required.
